updated 17. 6. 2023 | published 17. 6. 2023

Summary

I had some issues with the available GoPro buckles so I made my own.

Tags: [gopro](#) [gopromount](#) [cameramount](#) [camera](#)

I had some issues with the available GoPro buckles so I made my own.

Easy to print and use.

Edit: Be careful with 3D printed mounts, they are not as robust as the real gopro ones

Edit2: Forget that, I got a new real Gopro buckle and it broke even quicker than my 3D printed ones.
